Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I do not know how I could live without  
my compounded natural hormones. This year has  
been tough enough without my having to worry about  
where I'm going to be able to obtain these.  
I do not feel the FDA, or anyone for that matter  
should be able to restrict the source of my medication.  
By putting limits ("inordinate amounts") and restricting  
shipments outside of state you are doing just  
that. Please Do Not Allow this new  
proposal to pass.
